

Juan Pablo Guerrero Trujillo / Columbia / Senior Portfolio Manager MBA FM program

„More than two decades after joining the program, it's easy to look back and connect the dots. My time in Coburg stands out as a defining milestone—one that has continued to shape both my personal and professional journey to this day.

It wasn't just about finance. It was about the countless doors that opened during and after that experience. And most importantly, it was about the friendships forged there—true connections that have lasted a lifetime.“
