

# UTESA University

Maria Elena Cruz /  
Dominican Republic

UTESA University was founded on November 12, 1974 in the city of Santiago, Dominican Republic.

Leadership:

Priamo Rodriguez,  
President and founder  
of the University

# UTESA Mission

Educate and specialize human resources, carry out and promote scientific research, produce goods and services with a sense of social projection and equal opportunities for all people, without distinction of race, gender, religious and / or political creed.

# Vision

UTESA will continue to be the most important corporate university of the country, both in the qualitative and quantitative order; because of the impact of its alumni, the production, the transfer and dissemination of knowledge, the communication and information. Because of the harmonious integration of university-company actors, the relevance of the services it offers to the national community and because of its international projection.

# Decentralized University System with 8 Campuses

# University Stats

- 28 Undergraduate Degree Programs
- 15 Graduate Degree Programs
- 70,000 students (undergraduate, graduate and continuing education)
- 107,603 Alumni
- 2,070 professors
- 998 administrative staff
- More than 300 national and international cooperation agreements

# Research @ UTESA

Areas of Research Interest:

- Health Sciences
- Engineering and Environmental Sciences
- Social Sciences, Economics and Humanities
- Tourism

The university have 4 journals for publishing research on the previous areas

# University-Company Model

The university system has the following companies: a newspaper, a hotel, a hospital, clinical laboratories, an industrial park, a convention center, a solar panel factory, among among others.

Many university students complete their internships in these companies.

Thank you
