In 48 years UCE has graduated more than 55,000 professionals and postgraduates of which about 6,000 are foreigners of different nationalities.

- UCE has two hospitals of its own, one in San Pedro de Macorís and the other in Santo Domingo, capital of the Dominican Republic.
- UCE offers community services in the areas of medicine, dentistry, education and legal assistance to the entire population of the Eastern Region, but especially to the Province of San Pedro de Macorís.
- UCE has a modern dental laboratory for the support of its School and to offer services to the dental class of the Eastern Region of the Country.

- In 1990, the United Nations Organization awarded UCE the World Literacy Prize for its contribution in the field of education.
- In 2017 UCE received the Keys to the City of Miami for its contribution to the development of medicine and science in Florida.
- UCE has developed numerous investigations in the area of tropical medicine together with several universities of international importance.

PUNTA CANA UCE PROYECT

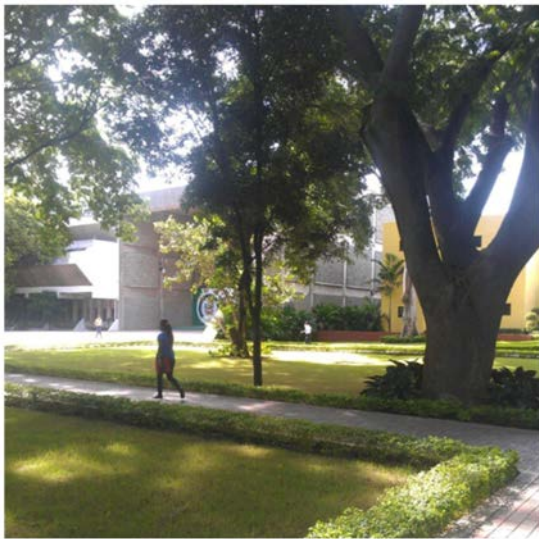

UCE is currently working to open an extension in Punta Cana.

Here we will offer programs at the higher technical levels of undergraduate, postgraduate and continuing education focused mainly on the tourist and hotel areas.

The aim is to create a language school for the strengthening of the sector.

THANK YOU
