

RESEARCH

Collaborating with industry, business, communities, associations and organisations, Kempten University has gained an excellent reputation in application-oriented research and technology transfer in the region.

73 RESEARCH PROJECTS IN 5 AREAS:

- Connected mobility and automotive engineering
- Energy systems and energy technology
- Health care management
- Innovative teaching and learning methods
- Process and automation technology

PROFESSIONAL SCHOOL

One of just a few further education providers in Germany to be awarded the quality seal "System Accreditation" by the Foundation for International Business Administration Accreditation (FIBAA).

The Professional School offers a wide range of MBA programmes (some in English) and part-time bachelor's and master's programmes as well as numerous certificate courses and modular studies.
