

WINTER SCHOOL

TROPICAL DISEASES

AND

CLINICAL IMMERSION IN BASIC SURGICAL SKILLS

JULY 29th – AUGUST 16th
2019

INTRODUCTION

In 2019, Botucatu Medical School – Unesp will offer Winter Schools in 2 different areas: **Tropical Diseases** and **Clinical Immersion in Basic Surgical Skills**.

In the course of a three-week program at Unesp - Medical School, Botucatu Campus, Brazil, medical students from around the world are introduced to topics of Tropical Diseases and Clinical Immersion in Basic Surgical Skills by accompanying patients, learning the daily routines, participating in discussion of individual case studies in small groups, and getting to know the day-to-day routines on the wards.

FEES AND ACCOMMODATION

Registration Fee of **€260,00** (Partner universities pay 50%), which covers:

- Airport-Botucatu-airport transfer (available at dates and times below*)
- Lunch (Monday to Friday)
- Local visits

Accommodation is not included in the fees but we will help you find a place to stay in Botucatu.
