UNIVERSIDADE FEDERAL DE SANTA CATARINA

The Universidade Federal de Santa Catarina (UFSC) has its main campus located in Florianópolis, capital of the state of Santa Catarina, Brazil.

INSTITUTIONAL FACTS

CAMPUSES

- Florianópolis (main campus)
- Araranguá
- Blumenau
- Curitibanos
- Joinville

UNDERGRADUATE

- 107 on-campus programs
- 13 distance learning programs

(2018)

GRADUATE

- 65 Academic Master's degree programs
- 21 Professional Master's degree programs
- 56 Doctoral degree programs

(2018)

Ararangua - 220 km
Blumenau - 150 km
Curitibaanos - 320 km
Joinville = 185 km

UNIVERSIDADE FEDERAL DE SANTA CATARINA

It was created on December 18, 1960 with the goal of promoting teaching, research and outreach, UFSC delivers free and public education at all levels.

Programa de Internacionalização CAPES/PrInt

The Internationalization Institucional Program – CAPES-PRINT was launched in 2017 and implemented in 2019, with the purpose of selecting Internationalization Institucional Projects of Higher Education Institutions or Research Institutes.

OBJECTIVES

- ✓ Encourage the construction, implementation and consolidation of **strategic internationalization plans** of the institutions in the knowledge areas they prioritize;
- ✓ Encourage the formation of **international research networks** to improve the quality of academic production linked to graduate studies;
- ✓ Expand the actions to support **internationalization of graduate programs**;
- ✓ Promote the **mobility of faculty members and students**, with emphasis on doctoral students, post-doctoral students, both national and international;
- ✓ Foster the **transformation of higher education institutions** in an international environment;
- ✓ **Integrate other Capes actions** into the internationalization effort.

FINANCIAL ITEMS

Aid for Work Abroad
Missions

Project Maintenance
Resources

International scholarships:

- Ph.D. sandwich;
- Junior Visiting Professor;
- Senior Visiting Professor;
- Training in short courses or “summer/winter schools”.

Scholarships in Brazil

- Young talent;
- Visiting Professor;
- Post doctoral.

PRINT-CAPES/UFSC

FIVE THEMES

1. Languages, interculturality and identities
2. Nanoscience and nanotechnology
3. Human health
4. Environmental sustainability
5. Digital transformation: industry and services 4.0

27 SUBPROJECTS

PRINT-CAPES/UFSC

Theme 1:
Languages,
interculturality
and identities

1	Digital Support for the Governance of the Internationalization Program
2	Challenges of the Contemporary University in a Globalized World
3	Languages Portal, Literature and Cultural Practices
4	Cultural Practices, Education and Human Rights
5	Repository of Intercultural Practices
6	Translation, Tradition and Innovation

PRINT-CAPES/UFSC

27 SUBPROJECTS

Theme 2:
Nanoscience
and
nanotechnology

- | | |
|---|---|
| 7 | Development of Nanostructures and Incorporation in Functional Products |
| 8 | Development and Application of Nanocatalysts |
| 9 | Multilateral and Translational Study on New Drugs and Nanostructured Release Systems for the Treatment of Infectious, Parasitic and Cancer Diseases |

27 SUBPROJECTS

PRINT-CAPES/UFSC

Theme 3: Human health

10	Food of Plant Origin, Processing and Health Impact
11	Molecular and Therapeutic Targets in Metabolic and Degenerative Diseases
12	Cellular Communication and Systems Biology
13	Diagnosis and Intervention for Healthy Lifestyles
14	Interprofessional Health Education
15	Healthy Aging and Urban Mobility

27 SUBPROJECTS

PRINT-CAPES/UFSC

Theme 4: Environmental sustainability

16	Characterization, Conservation and Sustainable use of Biodiversity
17	Sustainable Energy for the Future
18	Production of Knowledge and Training of Human Resources in the Area of Marine/Coastal Biodiversity
19	Research and Innovation for Intelligent and Environmentally Sustainable Cities – Water, Waste and Renewable Energy
20	Sustainable Food Production in Agricultural Sciences
21	Sustainable Industry
22	Sustainability in the International Community (Water, Energy and Food)

27 SUBPROJECTS

PRINT-CAPES/UFSC

Theme 5:
Digital
transformation:
industry and
services 4.0

23	Automation, Control and Computing Systems for Industry and Services 4.0
24	Big Data Analytics: Shedding Light from Genes to the Cosmos
25	Mathematical Modeling for Applications in Physics and Engineering
26	Distributed and Automated Manufacturing and Automated Sectorial Manufacturing (Health)
27	Competence and Research in Parallelism and Reconfiguration
